

ROADS FINE FOR  
PHOENIX RACE

All Communities Appreciate the Value of the Race as an Advertisement.

"The road is far better this year than last and much better time is going to be made in the El Paso to Phoenix race next month. This will show the automobile world what a fast, perfect course the Borderland road is and it should result in bringing a much heavier traffic through the route than it ever was before. On our way to Phoenix we passed four cars from Oklahoma, one from Arkansas and one from Missouri. We met seven or eight cars, eastbound, from California. All of them that we talked to said they first heard of the Borderland route through the race to Phoenix last year. The people all along the route are enthusiastic over the coming race, they realize its great value as an advertisement."

This summarizes the report of H. H. Rinehart, president of the El Paso Automobile club, on his return from a tour over the Borderland to Phoenix and back.

**Roads Are Fine.**  
Mr. Rinehart made the trip in the interest of the coming race and says the road is in fine shape throughout the entire course between El Paso and Phoenix. The worst stretch of road, he says, is right in the Rio Grande valley, west of Fort Huachuca. The road that was so bad last year between Tombstone and the Empire ranch is now in good shape with the exception of one hill, where the road is washed, but this is to be repaired, he says. There is a little stretch of dirt for four miles this side of Chandler also, but on the whole the road is pronounced very fine—unlike it should be raining when the cars reach the Antelope valley south of Lordsburg, "then God help the racers." Mr. Rinehart says that last year, November, was usually a dry month and there is little prospect of rain during the race.

**People Realize Race's Value.**  
"Everywhere along the route, the people are enthusiastic over the advertising that the race brings to the Borderland course," declared Mr. Rinehart, who with Lew Gasser, returned Tuesday afternoon from the Phoenix trip. "In the smaller towns everybody knows when a touring car passes through. They all understand the value of the race, for prior to the race last year, the travel was very light. Now they tell me it is very heavy. A garage that we visited last year in Florence, a little place big enough for three or four cars, is now a place big enough to accommodate 25, and the owner tells me he does a fine business with tourists. The hotel people are all enthusiastic, also. El Paso appreciates the value of this race less than any other city or town along the course, because El Paso is so large that the people here do not know how many transcontinental cars pass through here. Every town along the line has increased its subscription of last year."

**Many Entries for Race.**  
Mr. Rinehart drove back a Volvo car for M. L. Naquin, from Phoenix. Today Mr. Naquin entered the car for the El Paso-Phoenix race. His is the first entry, but Mr. Rinehart believes there will be at least 25. He has letters today from E. J. Tilson, Winslow, Ariz.; J. C. Jones, Tucuman, N. M.; and Chas. F. Keene, of Fort Worth, relative to the race. Jones writes that he will be here by the 15th with his car, ready to enter the race. Keene, who is the owner of the famous "Beaver Bullet," writes that he will be here from Fort Worth by the 20th, ready to enter his car. He suggests that entry blanks be sent to Walter White at Corpus Christi, Tex., and to R. W. Hornbaker, of St. Louis, and says he thinks there will be some entries from Fort Worth and Dallas. Eight or ten entries are expected from El Paso, including the Naquin Volvo; three from El Paso, two from Douglas; a Stutz from Ray, five or six from Tucson, and as many from Phoenix.

**BICHLORIDE TABLET TAKEN BY MISTAKE FOR HEADACHE**  
While walking on North Ange street Tuesday evening, W. H. Edgington, of 363 North Oregon street, swallowed a bichloride of mercury tablet by mistake for a headache tablet and is in a critical condition at the Providence hospital. After taking the poison Edgington realized his mistake and called for help. He fell to the sidewalk in a semiconscious condition and was removed to the emergency hospital at the police station.

Edgington told Dr. Hugh White that he had a severe headache and decided to take a walk in the open air. He put the mercury tablets in his pocket, thinking that they were headache pills he had purchased.

MAN SEARCHING  
FOR YOUNG MAN

Hundreds of Men in Mountains Looking For Horace B. Stevens, Jr.

(Continued From Page One.)  
left the mountains at 8 o'clock Tuesday afternoon and there had been no trace of Horace when they left except a trail which was thought to have been his, where he went into the mountains near Globe Springs. No coat or other belongings of the young man was found. He wore no coat when he left the automobile Sunday morning, carrying only a pocket camera in his trousers pocket. He also had a canteen, a pair of field glasses and his gun.

**Ranchers Are Called Out.**  
W. W. Cox, owner of the San Augustine ranch, sent out couriers to all of the ranchers in the entire Organ mountain district calling for volunteers to continue the search for young Stevens. Men responded to the call as late as midnight Tuesday night, many riding or walking to the searchers' camp at Globe Springs. These couriers were joined by volunteers from Las Cruces and El Paso until there were several hundred men gathered at the base of the Organ mountain peaks at the Organ at daylight Wednesday morning, ready to resume the search. They were directed by H. B. Stevens, father of the boy, who has been at the foot of the mountains since the alarm was first given, in command of the entire force of searchers for the past two days.

**Y. M. C. A. Boys Assist.**  
Five boys from the Y. M. C. A. to which young Stevens belonged, left the Y. M. C. A. building Wednesday morning in a Cadillac automobile for the mountains to assist in the search. The searching party included Earl Towne, C. B. Henry, C. H. Brown, C. E. Boren, and L. D. Jarvis. Dave Sullivan, J. C. White, George H. Hill, H. B. Stevens, and H. W. Bonadilla also left Wednesday morning in their automobiles with blankets and food for the searchers.

H. S. Potter, H. B. Smith, and H. D. Slater, in Mr. Potter's car, left to join the search Wednesday afternoon. They carried provisions to last several days and expect to remain until the searchers get some result.

**Repairing Phone Line.**  
The telephone line from Las Cruces to the Organ mine is out of order and no messages could be relayed over it to Las Cruces and El Paso. The line is owned by W. E. Baker and it was being repaired today so that it could be used by the searching parties.

The Tri-State Telephone company, which does not own this line, connected onto it Wednesday morning by order of general manager C. E. Stratton and the local company prepared to relay the first information obtained of the missing man to his family here.

**Chances of Safety.**  
It is feared that if Horace is alive, he was overcome by the exposure during the four days and three nights that he has been in the mountains. Tuesday night was unusually cold and a windstorm on the plains near the Organ mountains made the weather conditions most disagreeable. Experienced plainsmen say that there is little hope of the young man being alive after exposure which he has suffered, unless he has been protected by the walls of the canyon or found shelter in some cave. The Organ area is the most rugged, the southwest and a number of accidents have occurred to parties hunting or camping among the peaks of this range.

A girl from the A. & M. college of New Mexico at Mesilla Park fell and was killed several years ago in the Mochoc canyon near where Stevens disappeared.

**Well Known Young Man.**  
Horace Stevens, whose disappearance has almost stopped the business of the city, is one of the best known young men in El Paso. He was born here and has grown up with the young men who are making El Paso progress. He was active in outdoor sports when a boy and took great interest in the Y. M. C. A. work, of which his father was a director. After finishing his grammar school course and attending the high school and military institute, he went to Middleton, Conn., to attend Wesleyan university, where a number of young men have gone from El Paso through the work of H. E. Van Surland, who graduated there.

Horace finished his college course last Christmas and came home in time to spend the holidays with his parents on Upton avenue. He then entered his father's office to study the insurance business. He was also in charge of the rentals of the big Mills building. This summer he entertained Dr. William

SURE WAY TO GET  
RID OF DANDRUFF

End Itching and Stop Falling Hair--At Once.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. If you want to keep your hair looking rich, do by all means get rid of dandruff for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

MEAT CAUSE OF  
KIDNEY TROUBLE

Take Salts to flush Kidneys if Back hurts or Bladder bothers.

If you must have your meat every day, eat W. H. Eckman's kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, causing you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacist here, take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. The famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, to increase the flow of urine and to expel the acids from the system. It is a natural, harmless, and can be used to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

DON'T BE MISLED IF  
YOU HAVE TUBERCULOSIS

No specific has been discovered for Tuberculosis, but Eckman's Alternative has been a great help in many cases. Read of this case:

293 Seventh Ave., New York.  
"Gentlemen—Five years ago last August I was taken to the Francis & Taylor Hospital to be treated for bronchitis and congested lungs. After several weeks' treatment I was advised by the doctor to go to a convalescent sanatorium, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my case Tubercular, and gave me a certificate to that effect. I showed the certificate to Father Stark, and he advised me to take Eckman's Alternative. I took it faithfully, and soon found myself free from night sweats and fever. I was not taken to the Alternative now for two years, and can truthfully say I am well. I feel better and am stronger than before my sickness."

(Affidavit) MARY KORHAMER.  
Eckman's Alternative is most efficacious in bronchial catarrh and severe throat and lung affections and in building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write Eckman Laboratories, Philadelphia, Pa., for booklet of recoveries. Kelly & Pollard, Knoblauch Drug Co., Peoples Drug Store.—Advertisement.

## Makes Rapid Headway

Add This Part to Your Store of Knowledge.

Kidney disease often advances so rapidly that many a person is firmly in its grasp before he is aware of its progress. Prompt attention should be given the slightest symptom of kidney trouble. There is a dull pain in the back, headache, dizziness, spells or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

Four townspeople recommend Dean's Kidney Pills. Read the statement of this El Paso citizen.  
Mrs. W. H. Greene, 365 N. St. Vrain, El Paso, says: "It was several years ago, while living in Canada, that I had occasion to use Dean's Kidney Pills. I had trouble from my back and kidneys. This remedy brought me prompt and permanent benefit."

Prices 50c. at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Greene had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

"There's a Reason"

college men. After returning from college he entered the social life in his home city and attended the Country club and post dances. He was married in July to Miss Margaret Klonos, a popular young El Paso girl, who was with him when he left his automobile to go into the mountains.

**Prominent Fraternity Member.**  
Horace is a member of the Delta Kappa Epsilon national fraternity at Wesleyan and succeeded in having a number of the local boys who went there, accepted by this famous college fraternity. He wore his fraternity pin when he went on the hunt.

Because of the disappearance of the young man, who was a member of the Episcopal church, the Men's club of that church has postponed its dinner, which was to have been given this evening in Kendrick hall.

ORIENT TO BUILD TO  
DEL RIO SAYS REPORT

Fort Stockton, Texas, Oct. 14.—Information has been received here to the effect that the Kansas City, Mexico & Orient line is to be extended to Del Rio, Texas, probably during the winter.

3RD DISTRICT COURT.

Dan M. Jackson, Presiding.

C. E. Batton vs. L. K. Thompson, suit on notes \$2140. Filed.

THE DAY IN CONGRESS.

Washington, D. C., Oct. 14.—

The day in congress:

Resumed debate on war tax bill.

Finance committee of Democrats agreed to eliminate the proposed tax on proprietary medicines.

Foreign relations committee failed to get a quorum for consideration of the Nicaragua treaty.

House:

Resumed debate on the Philippine bill with passage before night in prospect.

WEATHER GINK ORDERS RECALL  
FOR SUMMER UNMENTIONABLES

The recall for low shoes, summer suits, thin underwear and straw hats has been ordered by the weather man, who sent along a cold wavelet to make his chief impression.

Tuesday night there was a cold wind blowing and Wednesday morning the air was as blue as skim milk and decidedly frappe. The sun appeared for the afternoon shift and warmed things up a bit, but the usefulness of the summer togs is gone.

Joyful Anticipation  
of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But it is quite overcome by the advice of so many women to use "Mother's Friend."

This is an external application designed to soothe and soothe the muscles and to thus so relieve the pressure resting on the nerves, that the elements is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses.

Many people believe that those remedies which have stood the test of time and have been put to every trial under the varying conditions of age, weight, general health, etc., may be safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmother's earlier years and is known throughout the United States it may be easily inferred that it is something that women greatly recommend.

"Mother's Friend" is prepared only in our own laboratory and is sold by druggists everywhere. Ask for a bottle to-day and write for a special book for expectant mothers. Address Bradfield Regulator Co., 361 Lamar Bldg., Atlanta, Ga.
